This educational and practical two day seminar is designed to certify students as International Institute of Inspections, Cleaning and Restoration Certification (IICRC) Carpet Repair and Re-installation Technicians. The course presents all of the casics of repair and re-installation. The material is presented in a generic format with lecture, audio-visual and hands-on cleaning used to aid the learning process and includes a 64 pg. manual. **In addition, this course is a prerequisite for the Certified Inspector Course.**

JIM CARFIELD

Jim Carfield is the most dynamic new face on the teaching scene in the cleaning service industry. Having obtained a BS degree from Ball State University in Muncie, Indiana, Jim has attended most major courses offered by instructors in the cleaning, installation and restoration service fields. He is a Certified Master Cleaner and Certified Instructor for the Floorcovering Installation Training council.

Academy of Textiles & Flooring
IICRC APPROVED SCHOOL

CERTIFICATION: Those successfully completing this course and examination will qualify for professional certification. **Separate check and application to IICRC is required at test time. First time certification is \$40 and certifications thereafter are \$30.**

April 22-23, 2005
8:00AM - 5:00PM
